

## **EPA Superfund Post-Assessment Teacher Answer Sheet**

Standardized Post-Assessment:

Multiple Choice:

1. B
2. A
3. C
4. A
5. B
6. C
7. A
8. A
9. C
10. B

Short Constructed Response:

These paragraphs should include enough data from the individual activities that were covered in the unit to make a logical, concise answer. The diagram should include a drawing of a basic ecosystem (hills, plains, water sources). Within that drawing should be labels showing that water, air, and soil movements take the toxins from their original location to new ones by natural distribution.
